Representative picture

- Metabo Long-life motor with patented dust protection for long service life
- Highest user safety with mechanical disc brake and deadman switch: disc stops in 2.5 seconds after release, even during a power failure
- Electronic safety shutdown of the motor reduces kickback if the disc stops unexpectedly- for high user protection
- Rotating main handle and side handle can be mounted in 3 positions for optimal handle position, even while cutting
- Tool-free adjustable guard; twist-proof
- Starting Current Limitation with Soft Start prevents fuse being tripped upon start
- Electronic overload protection and restart protection
- Metabo VibraTech (MVT): integrated damping system and side handle to reduce vibration in order to protect the user.
- Metabo safety switch prevents unintentional start
- Auto-stop carbon brushes to protect the motor
- LED signal on triggered restart protection or overheating
